We experience very little serious crime in our parks and recreation areas; with your cooperation we can keep it this way:

- Ensure that your camping gear and valuables are securely stored and locked up when you are away from your site.
- To deter thieves, mark your camping gear and valuables.
- Report acts of vandalism to a conservation officer or police.
- Be a good neighbour – help protect one another's property.

Recreational use of Remotely Piloted Aircraft Systems (RPAS) otherwise known as drones or Unmanned Aerial Vehicles (UAVs) are not allowed in the provincial parks system. Recreational use of drones is prohibited in the province of Alberta. They are responsible for ensuring compliance with regulations and they work with local authorities to ensure that your visit is pleasant and safe. Please contact any conservation officer or park services ranger if you have questions or experience difficulties during your stay.
