Will your students know what to do if they see a Northern Leopard Frog? Join environmental educator, Sarah Downey, via video conference, as she tells the story of the northern leopard frog's reintroduction to a wetland in Beauvais Lake Provincial Park. It is a story of rare species, fragile ecosystems and dedicated staff and volunteers. It is also a story of amazing success, but one in precarious balance. The survival of a rare species in one of Alberta's parks is dependent on many factors - discover them by taking part in this video conference.

Grade 2—9

Educational Video Conference

Booking Procedures

**Beauvais Lake
Education Programs
The Nature of
Learning!**
