

Elk Management Hunt in Cypress Hills Interprovincial Park - Alberta

The present day Elk herd in the Cypress Hills originated from a reintroduced herd dating back to 1938. Over the years the herd grew to be of considerable size due to the lack of natural predators. In 1978, the first Elk harvest inside the park took place based on a study conducted.

Aerial surveys are conducted to determine the actual number of Elk in the Cypress Hills. In order to maintain a steady Elk population, a harvest through a limited hunting authorization draw is scheduled for the following fall. There have been years where counted numbers of Elk were below the desired number, and no harvest has taken place.

Elk Hunt Regulations and Procedures

Cypress Hills Interprovincial Park - Alberta is a protected area under the Alberta Provincial Parks Act. Since the park is open to the general public for other activities throughout the hunt, hunters are required to follow special regulations for the safety of the hunter and other park users.

To participate in the Elk Management Hunt, all drawn hunters require a firearm discharge permit.

General Elk Hunting Information

1. Permanent closed areas exist around some campgrounds and the Townsite of Elkwater. Firearms must be unloaded, encased, and out of view when entering a closed area.
2. Off-highway vehicles are not permitted within Cypress Hills Provincial Park for the purpose of the hunt. Horses MAY be used for retrieval purposes with prior authorization from a Conservation Officer.
3. Overnight camping and fires are only permitted in designated campgrounds with fire pits provided.
4. Every hunter should carry basic survival equipment as well as a compass or GPS.
5. Any violation of the rules or regulations may result in permits or licenses being revoked and/or prosecution.

Hunting FAQs

Can I hunt within the Park?

The only hunting, outside of treaty rights, that occurs within the Park is through the Elk Management Hunt which occurs through a limited hunting authorization draw.

I am hunting outside the Park. What do I do if I shot an animal and it runs within the Park boundary?

Before entering the Park to retrieve your animal, you must contact a Conservation Officer at (403) 893-HELP (4357).

Am I allowed to use an off-highway vehicle or ATV in the Park?

No. As per Provincial Park regulations, off-highway vehicles are not permitted.

What do I need to do to be able to hunt Elk in Cypress Hills Interprovincial Park - Alberta?

Apply for the special draw license for the Cypress Hills Elk Hunt. If you are successful in your draw, obtain the appropriate license. You are required to obtain a Firearm Discharge Permit.

I am hunting in the Elk Management Hunt. What if the animal I shoot is located a far distance from any road access?

Contact a Conservation Officer for direction at (403) 893-HELP (4357).

Am I allowed to hang my animal in the Park?

No, this is not permitted.

What hunting regulations apply?

Alberta Hunting Regulations are in effect. Visit <http://www.albertaregulations.ca/huntingregs/> for detailed hunting regulation information.

What times of day am I allowed to hunt?

As per Alberta Hunting Regulations, it is unlawful to hunt any wildlife or **discharge a firearm** between one-half hour after sunset and one-half hour before sunrise. Sunrise/sunset tables are available online:

<http://www.albertaregulations.ca/huntingregs/suntable.html>

How do I obtain information on the land owners surrounding the Park?

Landowner maps are available from the Cypress County office located in Dunmore. (403) 526-2888 or online:

<http://www.cypress.ab.ca/content/maps-0>

Where can I get a map of the Park?

Park maps are available at the Visitor Centre open Wednesday-Sunday 9:30am-5:00pm and at the Park Administration Office. Topographical maps are available for sale from the Visitor Centre.

How do I find out where Elk sightings have occurred?

Conservation Officers have available maps of kill sites from previous hunts. Throughout the week, access to these maps is available at the Park Administration Office. Conservation Officers may also be able to provide information.

For more information, contact the Visitor Centre at (403) 893-3833.
