

# WARNING

---

Effective Date: July 13, 2020 until further notice

Where: Sundance Lodges, campground and surrounding area

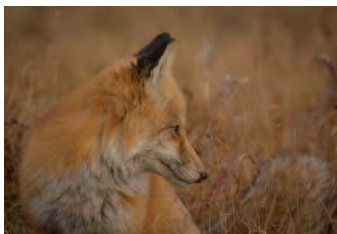

Why: Food conditioned red fox in area. The fox has been approaching campers attempting to gain access to human food left in firepits, on picnic tables and in cooking areas.

If this fox continues to receive food rewards from campers and becomes a safety risk, it may have to be destroyed. You can help protect this fox by:

- **Ensuring all attractants are properly stored inside a vehicle or hard-sided trailer.** No food, garbage, recyclables, pet food or other scented items can be left unattended outdoors or on your picnic table at any time, including when you are inside your trapper's tent, teepee, or other camping unit.
- **Acting aggressively if you are approached by the fox. Stomp your feet, yell or use bear spray.** These actions will help to teach the fox not to approach people.
- **Keeping close watch over young children.**
- **Keeping your pet on a leash.**

**Please report fox sightings in Sundance Lodges to 403-591-7755.**
