

TITLE: PARK RECREATION AND RESOURCE OFFICER
CLASSIFICATION: NR3
ORGANIZATIONAL CONTEXT

Alberta's parks inspire people to discover, value, protect and enjoy the natural world and the benefits it provides for current and future generations. Park Resource Officers play key roles in facilitating safe and positive experiences for park visitors.

As important members in a team of permanent, seasonal and volunteer workers this position helps ensure that site conditions allow campers and day visitors to experience some of the most beautiful landscapes in the province, both in a sustainable and safe way.

Acting as ambassadors for the protection of Alberta's rich natural heritage and for responsible park use and enjoyment, Park Resource Officers support the mandated purposes of parks and provincial recreation areas as described in the Provincial Parks Act.

JOB OVERVIEW

Park Recreation and Resource Officers proactively support positive camping and recreational experiences for visitors by monitoring visitor conduct, fostering a stewardship ethic, encouraging compliance and supporting issue resolution.

This service-focused position also addresses other matters that affect safe park operations including monitoring site conditions, responding to issues and fostering respectful behavior through information sharing and education.

A strong understanding of health and safety related legislation, initiatives, and procedures equips Recreation and Resource Officers to contribute to safe operational environments and initiate emergency response protocols for public and workers.

Parks are healthiest and most resilient with the support of the communities that use and care for them. This position assists with maintaining constructive relationships with permit holders, facility operators, volunteers and other stakeholders. They will work collaboratively with other work area staff to ensure effective and efficient operations within their designated park or district.
