

# Make a Backcountry Itinerary

1. Open [Shop.AlbertaParks.ca](https://shop.albertaparks.ca) and search by campground or permit area if you know where you want to go. Alternatively, select Backcountry Camping under 'Interested In' and then click Search.

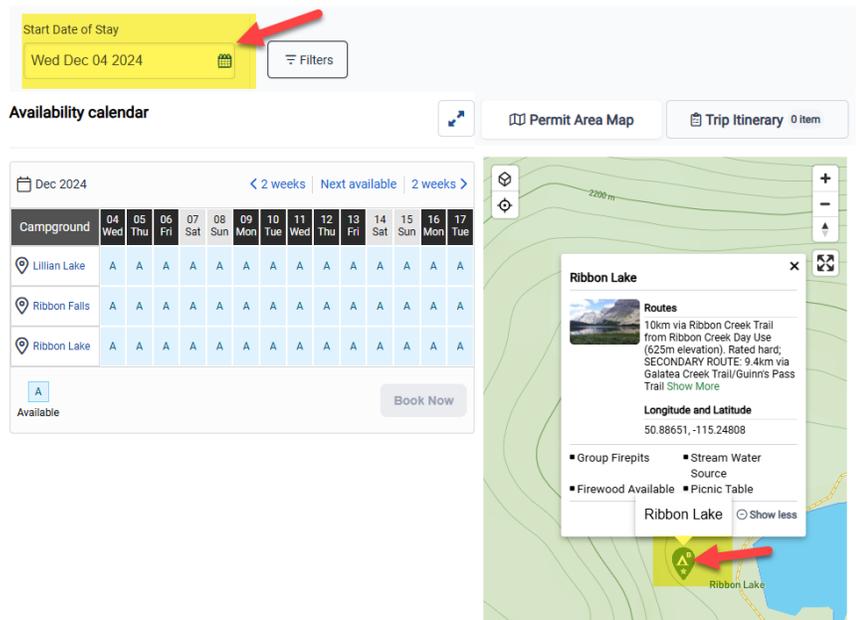

2. You will see a list of [Kananaskis Country backcountry camping permit areas](#). Each permit area lists the campgrounds within that area. Click the blue "Check Availability" button under your desired permit area.

- The next window provides further information and available amenities within the selected permit area. Scroll down to see the availability calendar and enter your date of arrival.

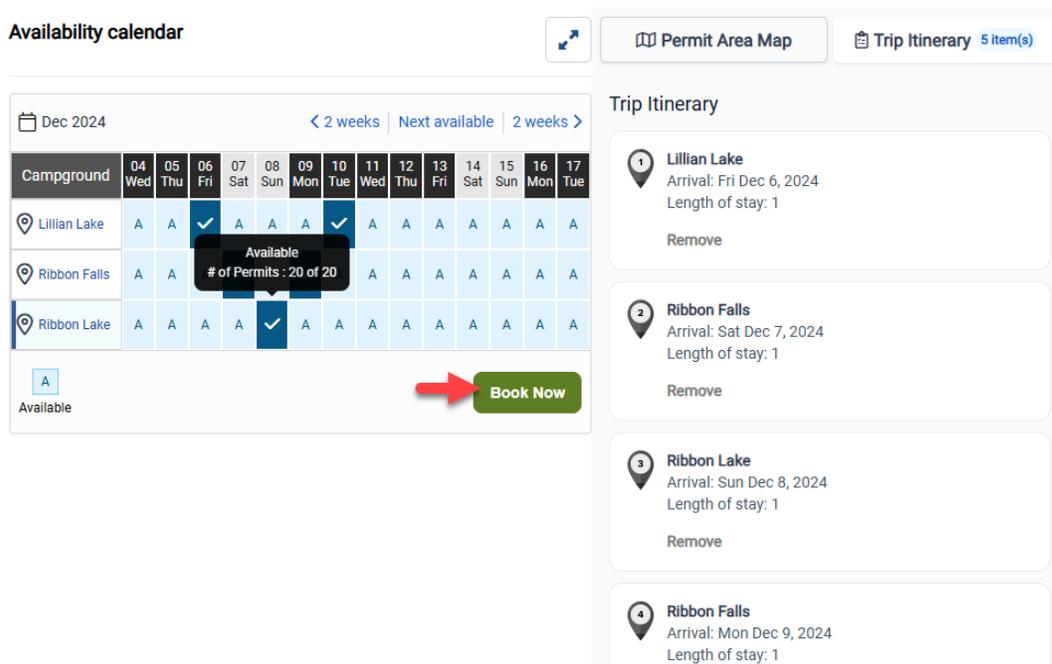

The map on the right displays the locations of backcountry campgrounds in the permit area. Click on the map pins to see more details about that campground.

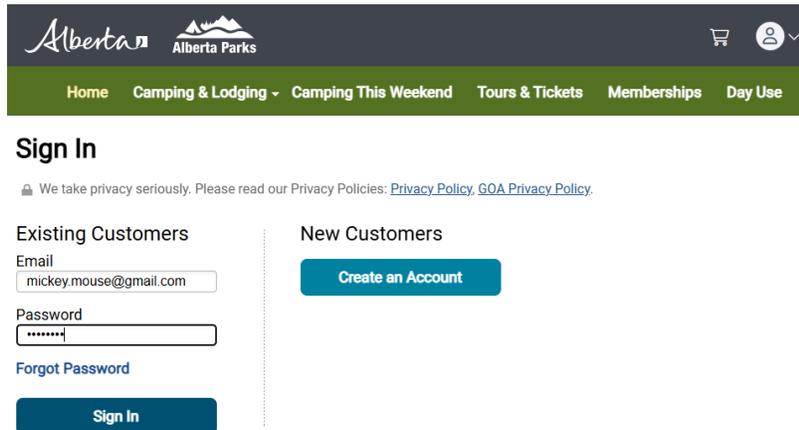

- Select the dates of your trip using the availability calendar. Your trip itinerary will display on the right-hand side. Click the remove date button to deselect any dates if needed. Once you've selected the dates required for your trip, click the green Book Now button.

**Tip:** Hover over the blue box in the availability calendar to see how many permits are still available.

**Note:** There can be no date gaps in your itinerary and up to 3 trip plans can be added to your cart per transaction.

- If not already logged into your Shop.AlbertaParks.ca account, you will be prompted to log in. Enter your email and password and click the blue sign in button. If you do not have a Shop.AlbertaParks.ca account, click Create an Account on the right to set one up.
